

Expertise In Research Anesthesia, Equipment And Supplies

Here at Patterson Scientific we understand that there are many anesthesia equipment options available and choosing the best system for your needs can be time consuming and confusing. To help with this process, please print this form and answer the questions below to the best of your knowledge (it's OK if you don't know!). When finished, fax the document to Patterson Scientific at 262-506-2601 or scan and e-mail it to Info@pattersonscientific.com An inhalant anesthesia expert will contact you to clarify any information, answer any questions, and provide a formal quote. Submitting this form does NOT constitute a sales or purchase agreement and carries no obligation for you. This information is confidential and will not be shared with other individuals, companies, or organizations. Please feel free to call 1-800-877-8989 anytime you have any questions or would like to speak to a salesperson directly.
